PROFILE

Inspired by all the creative developers, I have always been picking up new skills and technologies in order to deliver the best products to my clients, and I always embrace the challenges that come with it.

WORK EXPERIENCE

- **Multimedia Developer** Mar 2023 — Aug 2024
Mass Modules
 - Discussed with government departments or others to collaborate and deliver profound experience to end users.
 - Worked on interactive media projects like VR, AR, and motion capture projects.
 - Involved thoroughly in SDLC of large-scale projects — system design, implementation, and testing.
 - Worked closely with a back-end team to develop good APIs for the apps and for clients to use.
- **Junior Programmer** Sep 2021 — Oct 2022
Minidragon
 - Ran a mobile game — Tiny Fantasy, which recorded 500K players and 4.7/5 ratings on Google Play Store.
 - Managed game and user data via Firebase and integrated it to the apps.
 - Participated in the UI/UX design, and implemented them.

EDUCATION

- **Junior Full Stack Developer Program** 2024
CLAP@JC × Generation
 - Gained hands-on experience of using React, Tailwind CSS, PostgreSQL, MongoDB.
- **CS50's Introduction to Computer Science** 2023
Harvard University
 - Learnt basic computer science concepts with C and used technologies like Python and JavaScript.
- **B.S. in Multimedia Technology and Innovation** 2017 — 2021
Technological and Higher Education Institute of Hong Kong
 - Cumulative GPA: 3.31
 - Got a scholarship from the Self-Financing Post-secondary Scholarship Scheme — Best Progress Award.
